DIMENSIONS

DIMENSION OF FITTING

Product Code	Model Code	Watt W
VEKWGR114	VEKWGR114	1X14W
VEKWGR128	VEKWGR128	1X28W
VEKWGR154	VEKWGR154	1X54W
VEKWGR214	VEKWGR214	2X14W
VEKWGR228	VEKWGR228	2X28W
VEKWGR254	VEKWGR254	2X54W

INTENDED USE

Intended for unit installations, surface or suspended mounting. Ideal for applications that require good illumination levels. Suitable for general purpose applications. Rugged fixture design is enhanced with heavy-gauge wireguard to provide extra protection against damage that comes with locking mechanism that can be unlocked with a master key to provide a certain degree of vandal resistance.

CONSTRUCTION AND OPTICS

Channel, ends and socket brackets are manufactured from 22-gauge cold-rolled steel. Standard high-gloss white baked enamel, pre-treated with a five-stage iron phosphate system. Come with high reflective mirror aluminium reflector. Optional premium polyester powder coat finish, utilizing a seven-stage pretreatment process of iron phosphate, a non-chromium sealer and a de-ionized water rinse to provide superior adhesion and corrosion resistance. Heavy-gauge wireguard with locking mechanism.
