

SIENA 2 Eco Recess Mount Downlight

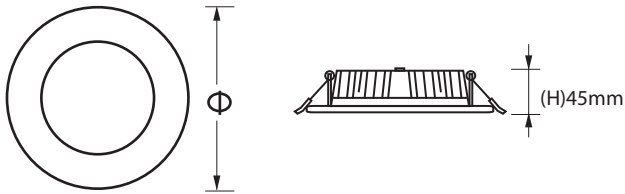

INTENDED USE

The SIENA 2 Eco Recess downlight series can show high brightness, without seeing the lamp itself. Suitable for application such as household, exhibition hall, hotel, shops, jewellery store, hospital and meeting rooms.

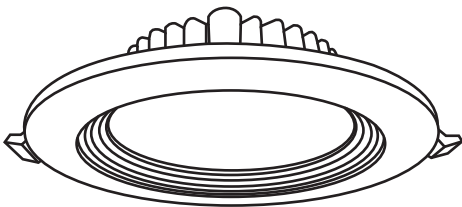

CONSTRUCTION AND OPTICS

Using high lumen SMD light source high intensity aluminium shell, heat faste. Using good reflectivity light leading board, it is thinner and brighter, the light is more equally. Low voltage and constant current driver, no glare, the light is soft. Launch in 0.01sec. Energy saving, belongs to grand environmental light.
