

# Jupiter RC Floodlight

## DIMENSIONS

## INTENDED USE

Jupiter RC Floodlight delivers high lumen efficacy up to 150 LM/W and long lifetime. Available in various power fitted with efficient LEDs. Our LED Flood Lights offer the users not only superior quality of lighting exteriors, but also a supreme reliability. With the optical lens and uniform photometric distribution, this LED lighting series achieves high optical efficiency. Ideal for outdoor flood lighting applications, such as wall mounted around building facades, buildings as well as lighting gardens, paths near to building, garages and entrance ways.

## CONSTRUCTION AND OPTICS

Die cast aluminium finished with robust aluminum housing with safety tempered glass cover. High protection rating IP66. High impact resistance of IK08. Suitable for operation in ambient temperature of  $-40^{\circ}\text{C}$  to  $+50^{\circ}\text{C}$ . Static built-in driver. Lifespan of 50,000 hours. CRI >70.
