

# HB5E254

## DIMENSIONS

## INTENDED USE

Surface mount highbay T5HO lamps lowers overall wattage use, generates high lumen output creating better colour rendering for greater visual comfort and excellent uniformity. Specially designed for high bay applications to replace metal halide. Immediate start up without flickering. Suitable for use with regular occupancy or daylight sensors. Lamp life could possibly run up to 24,000 hours with nominal usage. Surface mount highbay best used for general lighting in hypermarkets, industrials, complexes.

## CONSTRUCTION

Housing formed of high quality gauge sheet steel. Going through five-stage iron-phosphate resistance. Housing painted after fabrication with environmental friendly, high-gloss, very high reflectivity epoxy powder-coat. High quality anodized aluminium in either specular, semi specular or matt finish.

## DIMENSION OF FITTING

Product Code	Model Code	Watt W	L mm	W mm	H mm
